Hello Clint,  
Thanks for the follow-up!  
OEI sent an interim response (attached) to the requester, Robert Holden on Nov. 1, 2018 extending the internal due date for responding to this Request for Reconsideration to Feb. 1, 2019.  
Just so that you're aware, our colleagues in ORD/IRIS have not heard from the requester's consultants, Ramboll Environmental on any follow-up regarding the PBPK Model.  
With respect to the Agency's Information Quality Guidelines (IQGs) process, here's a [link to the IQGs](#) and 'swim-lane' diagrams (attached) offering insight into how we work both Requests for Correction (RFCs) and Requests for Reconsideration (RFRs) with the primary offices responsible for contested data (the 'Information Owners') as well as OMB's role in reviewing EPA responses.  
Should you have any follow-up questions, please don't hesitate to give me a call or send me an email!  
Kevin

Kevin,

Has EPA or Deputy Administrator Darwin formally responded to this request? Any chance we might be able to discuss this week? Thanks!

Clint

Mr. Darwin,

Please find attached a PDF copy of my letter of today seeking a stay of EPA's review of Denka Performance Elastomer LLC's Request for Reconsideration of EPA's denial of DPE's Request of Correction of the 2010 Toxicological Review of Chloroprene. Thank you for your attention to this.
